

Clarkston Town Newsletter

February 2022

CLARKSTON'S CANINE RESIDENTS

Clarkston Town requires all dogs, indoor or outdoor, to be registered and have proof of rabies vaccination.

Our Annual **Dog License Registration and Rabies Vaccination Clinic** will be held **Saturday, February 26, 2022, from 10:00 A.M. to Noon** at the Roads Building (east of the Town Hall).

Registration Costs:

- \$3 for an animal that has been spayed or neutered
- \$10 for an intact animal
- \$75 for a kennel license for 4 to 6 dogs
- Clarkston does not allow more than 6 dogs

Shots/Vaccinations:

- Rabies - \$15
- Distemper/Parvo/Lepto (Da2PPV) Combo - \$16
- Bordetella Vaccine - \$15
- All Three - \$40

There is no need to wait until the clinic to license your dogs. Dog Licenses may be obtained, during business hours, at the Town Hall by bringing in proof of the dog's current rabies shot, if needed, and the appropriate fee. You can also mail it or put it in the drop box at the Town Hall.

Unfortunately, we cannot accept dog licensing fees through Xpress (our online bill pay website). Anything you pay through this medium will go toward your utility bill.

Dog licenses are considered delinquent as of March 1, 2022. At that time, fees double and a delinquent list is sent to Animal Control.

BUSINESS LICENSES

If you have a business or plan to have a business in 2022, a business license is required (Code 3-1-4). **In April of this year, the Town Council passed Resolution 21-08 instating a \$15/yearly administrative fee for ALL business licenses.**

If you were issued a business license in 2021 a Business License Renewal Form was sent out with the January 2022 utility statements. Please make any changes on the form, if applicable, sign it, and return it along with the \$15 administrative fee to the Town Hall as soon as possible.

If you have not renewed your business license by March 31st a delinquent fee of \$50.00 will be applied.
